Overlying Landowners

94. Pursuant to California Civil Procedure Code section 836(d)(1)(A), City will serve the owners all real property overlying the Watershed’s Groundwater Basins (“Overlying Landowners”) with this Third Amended Cross-Complaint and court-approved notice of adjudication and form answer. Pursuant to California Civil Procedure Code section 836(k), upon receipt of the requisite notice, Overlying Landowners interested in this proceeding shall have the duty to appear in this action and become a party if they so choose.

Interested Persons

95. All Persons Who Own an Interest in Land Adjacent to the Ventura River or Its Tributaries or in Land Overlying the Ventura River Watershed’s Groundwater Basins, and Claim an Interest to Divert, Pump, Extract or Store Water From, Under or on That Land.

Roe Cross-Defendants

96. City is informed and believes that:

(a) Cross-Defendants Roes 1 through 50 operate wells and/or diversions which extract surface and/or subsurface water from the Ventura River.

(b) Cross-Defendants Roes 51 through 100 operate wells and/or diversions which extract surface and/or subsurface water from Matilija Creek.

1 (c) Cross-Defendants Roes 101 through 150 operate wells and/or diversions  
2 which extract surface and/or subsurface water from North Fork Matilija Creek.

3 (d) Cross-Defendants Roes 151 through 200 operate wells and/or diversions  
4 which extract surface and/or subsurface water from San Antonio Creek.

5 (e) Cross-Defendants Roes 201 through 250 operate wells and/or diversions  
6 which extract surface and/or subsurface water from Coyote Creek.

7 (f) Cross-Defendants Roes 251 through 300 operate wells and/or diversions  
8 which extract surface and/or subsurface water from Cañada Larga Creek.

9 (g) Cross-Defendants Roes 301 through 350 operate wells and/or diversions  
10 which extract surface and/or subsurface water from Santa Ana Creek.

11 (h) Cross-Defendants Roes 351 through 400 operate wells which extract water  
12 from the Upper Ventura River Groundwater Basin.

13 (i) Cross-Defendants Roes 401 through 450 operate wells which extract water  
14 from the Ojai Valley Groundwater Basin.

15 (j) Cross-Defendants Roes 451 through 500 operate wells which extract water  
16 from the Lower Ventura River Groundwater Basin.

17 (k) Cross-Defendants Roes 501 through 550 operate wells which extract water  
18 from the Upper Ojai Valley Groundwater Basin.

19 (l) Cross-Defendants Roes 551 through 1,000 are the owners, lessees, or other  
20 persons or entities (i) holding or claiming to hold ownership or possessory interests in real  
21 property within the boundaries of the Watershed; (ii) extracting water from the Watershed; (iii)  
22 claiming some right, title, or interest to water located within the Watershed; or (iv) having or  
23 asserting claims adverse to City's rights and claims.

24 97. City is unaware of the true names and capacities of Cross-Defendants Roes 1  
25 through 1,000. When the City becomes aware of their trues names and capacities, it will seek  
26 leave of court to amend this Cross-Complaint accordingly.

28

1 BACKGROUND

2  
3 98. The Watershed is located in western Ventura County, with a small section located  
4 in eastern Santa Barbara County. The City is informed and believes that the Watershed is fan-  
5 shaped and covers 226 square miles.

6 99. The Ventura River and its headwater tributary run through the center of the  
7 Watershed along a 33.5 mile stretch from its headwaters in the Transverse Ranges to the Pacific  
8 Ocean.

9 100. The Ventura River and its headwater tributary is fed by several major tributaries,  
10 including Matilija Creek, North Fork Matilija Creek, San Antonio Creek, Cañada Larga Creek,  
11 and Coyote Creek.

12 101. Lake Casitas is a man-made reservoir located in the Watershed primarily filled by  
13 runoff from Coyote Creek and Santa Ana Creek and water diverted from the Ventura River.

14 102. The Ventura River consists of five distinct reaches starting upstream from the  
15 Pacific Ocean: Reach 1 (Pacific Ocean to Ventura River Estuary), Reach 2 (Ventura River  
16 Estuary to Foster Park), Reach 3 (Foster Park to the San Antonio Creek Confluence), Reach 4  
17 (just above the Ventura River's confluence with San Antonio Creek to below the Robles  
18 Diversion Facility), and Reach 5 (Robles Diversion Facility to confluence of Matilija Creek and  
19 North Folk Matilija Creek).

20 103. There are four significant groundwater basins in the Watershed:

- 21 (a) Upper Ventura River Groundwater Basin (DWR Bulletin 118,  
22 Groundwater Basin Number 4-3.01);  
23 (b) Ojai Valley Groundwater Basin (DWR's Bulletin 118, Groundwater Basin  
24 Number 4-2);  
25 (c) Lower Ventura River Groundwater Basin (DWR's Bulletin 118,  
26 Groundwater Basin Number 4-3.02); and  
27 (d) Upper Ojai Valley Groundwater Basin (DWR's Bulletin 118 Groundwater  
28 Basin Number 4-1)

1 (collectively “Watershed’s Groundwater Basins”). There is a hydrological connection between  
2 the Ventura River and its tributaries and the Watershed’s Groundwater Basins. Three maps of the  
3 Watershed and the Watershed’s Groundwater Basins are attached as **Exhibit A**.

4 104. In its First Amended Complaint and Verified Petition for Writ of Mandate  
5 (“Complaint”), Plaintiff Santa Barbara Channelkeeper (“Channelkeeper”) alleges that City’s use  
6 of the Ventura River water harms the steelhead trout and its critical habitat and exceeds water  
7 quality standards. Channelkeeper also alleges City’s use of water is unreasonable and violates the  
8 public trust doctrine. Channelkeeper further alleges that City’s water rights are subordinate to  
9 upstream riparian and overlying groundwater rights in the Ventura River Watershed.

10 105. City is informed and believes that Cross-Defendants’ use of water from the  
11 Ventura River and the Watershed’s Groundwater Basins reduces the surface and/or subsurface  
12 water flow of the Ventura River.

13 106. City is informed and believes and thereon alleges that there are conflicting claims  
14 of rights to the Watershed and/or its water.

15 107. City is informed and believes and thereon alleges that it has pueblo, prescriptive,  
16 and/or appropriative rights to water in the Watershed. City is a successor to the Mission San  
17 Buenaventura pueblo water right, which gives it a priority to use sufficient water from the  
18 Ventura River Watershed to meet its needs. It has utilized water from the Watershed for more  
19 than five years prior to the filing of this Cross-Complaint. It has used the Watershed and/or its  
20 water for reasonable and beneficial purposes; and it has done so under a claim of right in an  
21 actual, open, notorious, exclusive, continuous, uninterrupted, hostile, adverse use and/or manner  
22 for a period of time of at least five years before filing this Cross-Complaint. City holds pre-1914  
23 appropriative water rights.

24 108. Upon information and belief, each Cross-Defendant claims a right to utilize water  
25 and threatens to increase its taking of water without regard to the City’s rights. Cross-  
26 Defendants’ pumping and/or diversions reduces Watershed groundwater tables and surface flows  
27 and contributes to the deficiency of the Watershed water supply as a whole.

1 (d) City is exercising vested water rights.

2 116. City seeks a preliminary and permanent injunction reducing Cross-Defendants' use  
3 of surface and/or subsurface water and groundwater affecting the surface and/or subsurface flow  
4 of the Ventura River to a level of reasonable and beneficial use and a level that protects public  
5 trust resources after a consideration of all water uses and users in the Watershed pursuant the  
6 Court of Appeal's decision in Santa Barbara Channelkeeper v. City of San Buenaventura (2018)  
7 19 Cal.App.5th 1176, 1192–1193.

8  
9 SECOND CLAIM FOR RELIEF

10 (Public Trust Doctrine - Against All Cross-Defendants)

11  
12 117. City incorporates by reference the allegations of paragraphs 1 through 110.

13 118. The public trust doctrine protects the environmental values of rivers and streams in  
14 California for the benefit of the public, but is subject to parties reasonably exercising their water  
15 rights. Additionally, public trust doctrine uses are limited by the doctrine of reasonable and  
16 beneficial use.

17 119. Evaluating the City's reasonable and beneficial use of water requires consideration  
18 of all other uses and users in the Watershed.

19 120. Evaluating the City's reasonable and beneficial use of water also requires  
20 consideration of Water Code provisions and Statewide laws favoring domestic use of water;  
21 conservation of water; service of safe, clean, affordable, and accessible water; and protection of  
22 municipal water rights and the potential that non-flow related mitigation measures may  
23 reasonably reduce the quantity of water required to protect the environment and public trust  
24 resources.

25 121. Based on those considerations, City's use of water from the Ventura River and  
26 Lake Casitas is reasonable and beneficial because:

27 (a) City's water is used for domestic purposes.

28

1 (b) City encourages conservation of water by its users, does not waste water in  
2 its operations and only uses water for municipal purposes.

3 (c) City provides safe, clean, affordable and accessible water.

4 (d) City is exercising vested water rights.

5 122. City seeks a preliminary and permanent injunction reducing Cross-Defendants' use  
6 of surface and/or subsurface water and groundwater affecting the surface and/or subsurface flow  
7 of the Ventura River to a level of reasonable and beneficial use and a level that protects public  
8 trust resources after consideration of Channelkeeper's claims.

9  
10 THIRD CLAIM FOR RELIEF

11 (Declaratory Relief - Pueblo and/or Treaty Water Rights -  
12 Against All Cross-Defendants)

13  
14 123. City incorporates by reference the allegations of paragraphs 1 through 110.

15 124. The City, or a portion of it, is located within the boundaries of the former Mission  
16 San Buenaventura. The designation of the Mission San Buenaventura and its subsequent  
17 secularization led to the creation of a pueblo water right. The City is a successor to the pueblo  
18 right which gives it a priority water right to use sufficient water from the Ventura River  
19 Watershed to meet its needs.

20 125. City is located on land that used to be part of Mexico. While that land was part of  
21 Mexico, a vested water right was established on it that was subsequently recognized by the  
22 United States in the Treaty of Guadalupe-Hidalgo. City is a successor to the Mexican water right,  
23 which has a priority over any right established under California law.

24 126. City contends that each Cross-Defendant's rights to utilize water from the  
25 Watershed are subordinate to City's pueblo and/or treaty water rights and to the general welfare  
26 of the citizens, inhabitants, and customers within City's jurisdiction.

1 FIFTH CLAIM FOR RELIEF

2 (Declaratory Relief - Appropriative Water Rights -  
3 Against All Cross-Defendants)

4  
5 134. City incorporates by reference the allegations of paragraphs 1 through 110.

6 135. City alleges that, alternatively or in addition to its prescriptive rights, it has priority  
7 pre-1914 appropriative rights to utilize water from the Watershed based upon extensive historic  
8 and beneficial use of local water in the Ventura River, including local water impounded and  
9 collected in Lake Casitas.

10 136. An actual controversy has arisen between City and Cross-Defendants, and each of  
11 them. City alleges, on information and belief, that all Cross-Defendants, and each of them, seek  
12 to prevent City from exercising its priority pre-1914 appropriative rights to utilize water from the  
13 Watershed.

14 137. City seeks a judicial determination of the rights of persons and/or entities with  
15 overlying, appropriative, and prescriptive rights to utilize water from the Watershed.

16  
17 SIXTH CLAIM FOR RELIEF

18 (Cal. Civ. Proc Code §§ 830-852 - Comprehensive Adjudication  
19 and Physical Solution - Against All Cross-Defendants)

20  
21 138. City incorporates by reference the allegations of paragraphs 1 through 110.

22 139. The physical solution doctrine imposes a duty on this Court to resolve competing  
23 claims to water by cooperatively satisfying the reasonable and beneficial needs of each user while  
24 protecting the substantial enjoyment of their prior rights. A physical solution can achieve this  
25 result by: compelling non-flow related improvements for the protection of public trust resources  
26 thereby preserving and protecting water supply for domestic use, the highest and best use, and for  
27 irrigation use, the next highest and best use (Water Code section 106); augmenting the  
28 Watershed's water supply; and imposing other measures. The physical solution is a practical way

1 of fulfilling the mandate of the California Constitution (article X, section 2) that the water  
2 resources of the State be put to use to the fullest extent of which they are capable.

3 140. Further, the Code of Civil Procedure authorizes the comprehensive adjudication of  
4 groundwater rights, including interconnected surface waters, and the imposition of physical  
5 solution. Cal. Civ. Proc. Code §§ 830-852.

6 141. Accordingly, City seeks a physical solution among City and Cross-Defendants  
7 regarding their respective uses of surface and/or subsurface water and groundwater affecting the  
8 Ventura River.

9  
10 SEVENTH CLAIM FOR RELIEF

11 (Declaratory Relief - Municipal Priority - Against All Cross-Defendants)

12  
13 142. City incorporates by reference the allegations of paragraphs 1 through 110.

14 143. City has the right to utilize water from the Watershed to meet existing public water  
15 needs and also to utilize increased amounts of water from the Watershed as necessary to meet  
16 future public needs. City's rights to the Watershed's water exist both as a result of the priority  
17 and extent of its pueblo, appropriative, and prescriptive rights, and as a matter of law and public  
18 policy of the State of California: "It is hereby declared to be the established policy of this State  
19 that the use of water for domestic purposes is the highest use of water and that the next highest  
20 use is for irrigation." Cal. Water Code § 106.

21 144. California Water Code Section 106.5 provides: "It is hereby declared to be the  
22 established policy of this State that the right of a municipality to acquire and hold rights to the use  
23 of water should be protected to the fullest extent necessary for existing and future uses. . . ."

24 145. Under California Water Code Sections 106 and 106.5, City has a prior and  
25 paramount right to Watershed water as against all non-municipal uses.

26 146. An actual controversy has arisen between City and Cross-Defendants. City  
27 alleges, on information and belief, that Cross-Defendants dispute the contentions contained in the  
28 preceding paragraphs of this Cross-Complaint. City is informed and believes, and on that basis

1 alleges, that the certain Cross-Defendants utilize water from the Watershed for non-municipal  
2 purposes.

3 147. City seeks a judicial determination as to the correctness of its contentions and to  
4 the amount of water the parties may utilize from the Watershed. City also seeks a declaration of  
5 its right to utilize water from the Watershed to meet its reasonable present and future needs, and  
6 that such rights are prior and paramount to the rights, if any, of Cross-Defendants to use  
7 Watershed water for non-municipal purposes.

8  
9 EIGHTH CLAIM FOR RELIEF

10 (Declaratory Relief - Human Right to Water - Against All Cross-Defendants)

11  
12 148. City incorporates by reference the allegations of paragraphs 1 through 110.

13 149. City has the right to utilize water from the Watershed to meet existing public water  
14 needs to protect the human right to water and also to utilize increased amounts of water from the  
15 Watershed as necessary to meet future public needs to protect the human right to water. City's  
16 rights to the Watershed's water exist both as a result of the priority and extent of its pueblo,  
17 appropriative, and prescriptive rights, and as a matter of law and public policy of the State of  
18 California: "It is hereby declared to be the established policy of the state that every human being  
19 has the right to safe, clean, affordable, and accessible water adequate for human consumption,  
20 cooking, and sanitary purposes." Cal. Water Code § 106.3.

21 150. Under California Water Code Section 106.3, City has a prior and paramount right  
22 to Watershed water to protect the human right to water.

23 151. An actual controversy has arisen between City and Cross-Defendants. City  
24 alleges, on information and belief, that Cross-Defendants dispute the contentions contained in the  
25 preceding paragraphs of this Cross-Complaint. City is informed and believes, and on that basis  
26 alleges, that the certain Cross-Defendants utilize water from the Watershed for purposes that are  
27 inferior to the paramount human right to water.

1 to a level of reasonable and beneficial use and a level that protects public trust resources after  
2 consideration of all water uses and users in the Watershed;

3 2. For a physical solution allocating City's and Cross-Defendants' reasonable and  
4 beneficial use of water affecting the Ventura River Watershed, and protecting the substantial  
5 enjoyment of their water rights;

6 3. For judicial declarations consistent with City's contentions in the Third, Fourth,  
7 Fifth, Seventh, Eighth, and Ninth Claims for Relief in this Cross-Complaint;

8 4. For judgment against all named cross-defendants who fail to appear in this action  
9 that they are bound by the judgment and physical solution, and their water rights in the Ventura  
10 River Watershed, if any, are limited to the terms of the physical solution.

11 5. For judgment against all persons who, presently or in the future, own an interest in  
12 real property adjacent to the Ventura River or its tributaries and who fail to appear in this action  
13 that they are bound by the judgment and physical solution, and their water rights in the Ventura  
14 River or its tributaries, if any, are limited to the terms of the physical solution.

15 6. For judgment against all persons who, presently or in the future, own an interest in  
16 real property overlying the Ventura River Watershed's Groundwater Basins and who fail to  
17 appear in this action that they are bound by the judgment and physical solution, and their water  
18 rights in the Ventura River Watershed's Groundwater Basins, if any, are limited to the terms of  
19 the physical solution.

20 7. For City's costs incurred in this action; and

21 8. For such other and further relief as the Court deems just and proper.
