JOINT STATUS CONFERENCE STATEMENT

Pursuant to Court order at the Status Conference on November 1, 2019 (“11/1/19 Conference”), Defendant and Cross-Complainant City of San Buenaventura (“City”), Plaintiff Santa Barbara Channelkeeper (“Channelkeeper”), Cross-Defendant Casitas Municipal Water District (“Casitas”), and Cross-Defendants who signed below submit this Joint Status Conference Statement (“Statement”). City sent drafts of this Statement to all counsel on November 8, 14, and 18, 2019. In addition, counsel exchanged e-mails regarding the Statement.

1. THIRD AMENDED CROSS-COMPLAINT

A. PARTIES AND SERVICE

As counsel for City informed the Court at the 11/1/19 Conference, City proposes to file a Third Amended Cross-Complaint (“3rd Am. Cross-Complaint”). The 3rd Am. Cross-Complaint will add parties who may have riparian rights to the Ventura River and its tributaries, and will provide notice of the adjudication to persons who own property overlying one of the four groundwater basins in the Ventura River Watershed.

The 3rd Am. Cross-Complaint individually names as parties each of the property owners that own land adjacent to the Ventura River and its tributaries in the caption and in the body of the pleading. The owners of approximately 500 parcels are named as parties because they own land outside of one of the four groundwater basins, but adjacent to the Ventura River and its tributaries (“Riparian Landowners”). The owners of an additional approximately 1,250 parcels are named as parties because they own land overlying one of the four groundwater basins and adjacent to the Ventura River and its tributaries (“Riparian and Overlying Landowners”). City will personally serve the Riparian Landowners and Riparian and Overlying Landowners with the 3rd Am. Cross-Complaint and standard form Summons except it will provide 60 days to respond to the 3rd Am. Cross-Complaint.

1 City proposes to allow the Riparian Landowners and Riparian and Overlying Landowners
2 60 days to respond to be consistent with the 60 days provided by the Cross-Defendants named in
3 the Second Amended Cross-Complaint pursuant to the Order Granting Respondent and Cross-
4 Complainant City of San Buenaventura’s Application for Extension of Time, issued by the San
5 Francisco Superior Court and filed November 15, 2018, and to allow these new Cross-Defendants
6 time to attend the public meetings described below that will answer questions about this lawsuit
7 before they must respond to the pleading.

8 The property owners only overlying one of the four basins (“Overlying Landowners”) are
9 not named individually, but instead, are referenced generically. 3rd Am. Cross-Complaint, p. 29,
10 caption; p. 62, ¶ 95. As explained at the Status Conference, the City believes the Overlying
11 Landowners are not automatically parties to the case under the Streamlined Groundwater
12 Adjudication Statutes. Instead, under California Civil Procedure Code section 836(a)(1)(A)
13 (emphasis added), the notice to property owners states in part: “you may become a party to this
14 lawsuit by filing an answer to the lawsuit on or before the deadline specified in this notice.” In
15 other words, an Overlying Landowner only becomes a cross-defendant if he or she answers the 3d
16 Am. Cross-Complaint. City will serve the Notice and Form Answer on the Overlying
17 Landowners pursuant to California Civil Procedure Code section 836.

18
19 B. PRAYER FOR RELIEF

20
21 Pursuant to the Court’s instruction, City revised the prayer for relief to specifically
22 identify the relief it seeks against the Riparian Landowners, Riparian and Overlying Landowners,
23 and Overlying Landowners who do not appear in the lawsuit. 3rd Am. Cross-Complaint, p. 74,
24 ¶¶ 4 - 5. A copy of the proposed 3rd Am. Cross-Complaint and the [Proposed] Order Granting
25 Leave to File the Third Amended Cross-Complaint are attached as Exs. A and B, respectively.

2. NOTICE TO COURT

The Senior Court administrator provided counsel for City with an Excel spreadsheet that lists information for: (1) the Riparian Landowners and Riparian and Overlying Landowners; and (2) the Overlying landowners. Copies of page 1 of the: (1) the Riparian Landowners and Riparian and Overlying Landowners spreadsheet, and (2) the Overlying Landowners spreadsheet are attached as Exs. C and D, respectively.

3. MOTION FOR APPROVAL

At the 11/1/19 Conference, the Court provided direction regarding City’s Motion for Approval of the Notice of Commencement of Groundwater Basin and Watershed Adjudication and Form Answer (“Motion for Approval”). The revised Notice of Commencement of Groundwater Basin and Watershed Adjudication (“Notice of Adjudication”): (1) more specifically advises the Overlying Landowners of the potentially adverse consequences if they do not appear in the lawsuit; (2) initial capitalizes the term “Form Answer”; (3) first describes electronic service and then describes filing Form Answers and other pleadings; (4) explains that the Courthouse where pleadings are filed is different than the Courthouse where the case will be heard; and (5) provides links to the Judicial Council form and File & ServeXpress form for indigent parties to seek a fee waiver.

The Notice also changes the dates of the meetings and adds a third meeting. The meetings described in item (6) above will be open to all potential parties and their counsel. The meetings will be conducted by City, and shall take place on:

_____, February ____, 2019, 6:00 p.m. - 8:00 p.m.
Matilija Junior High School, Auditorium
703 El Paseo Road
Ojai, CA 93023

1 Wednesday, February 12, 2019, 6:00 p.m. - 8:00 p.m.
2 Bell Arts Factory, Community Room
3 432 N. Ventura Ave
4 Ventura, CA 93001

5 Thursday, February 13, 2019, 6:00 p.m. - 8:00 p.m.
6 Oak View Community Center, Kunkle Room
7 18 Valley Road
8 Oak View, CA 93022

9 City expects the Ojai meeting to take place of February 4 or 6 and hopes to confirm this at
10 the Status Conference. Also pursuant to the 11/1/19 Conference, the Form Answer is revised to
11 have Overlying Landowners: (1) state his or her name and address on caption page; and (2) state
12 his or her parcel number in the body of the form.

13 The [Proposed] Order Granting Motion to Approve excuses City from including the 3rd
14 Am. Cross-Complaint when it mail-serves the Notice and Form Answer. As the Court noted at
15 the 11/1/19 Conference, California Civil Procedure Code Section 836(a)(1)(A)(iii) anticipates the
16 underlying pleading is not served with the Notice because the Notice must state contact
17 information for plaintiff's attorney "from whom the complaint may be obtained. . . ." However,
18 Section 836(d)(1)(B) contradicts the Notice because it requires plaintiff to serve "the notice,
19 complaint, and form answer to all holders of fee title. . . ."

20 As with other changes it made to the Notice, City requests the Court exercise its authority
21 under Section 836(i) to change this procedure: "The court may authorize any other procedures it
22 finds appropriate and necessary to provide notice. . . ." As the Court noted, the 3rd Am. Cross-
23 Complaint is a very technical document that is unlikely to assist the property owner. On the other
24 hand, it may confuse the owner since the Notice explains where he or she can obtain the pleading,
25 but the service package includes the pleading.

26 Copies of the revised English Notice of Adjudication, revised Spanish Notice of
27 Adjudication, revised Form Answer and revised Order Granting City's Motion for Approval are
28 attached as Exhibits E, F, G and H, respectively.

4. NEUTRAL WEBSITE

City will establish and maintain during the pendency of litigation a neutral website containing pleadings, reports, notices, party information contemplated by the Order for Stay, signed August 23, 2019, and discovery if the stay is lifted. Parties who have appeared in the case shall have access to file and review information on the website. City proposes the following address for the website: venturariverwatershedadjudication.com. City proposes to use the following vendor to host and maintain the website: JND Legal Administration, 1-800-207-7160, and www.jndla.com.

5. INTERVENTION

Respondent State Water Resources Control Board (“SWRCB”) and the California Department of Fish and Wildlife (“Department”) filed separate Motions to Intervene. City does not oppose the Motions.

6. SETTLEMENT

The consumptive users who are in settlement discussions would like to update the Court on the high level legal concepts supporting a proposed physical solution, and the technical basis for that physical solution. These parties propose doing so in January 2020.

The SWRCB and CDFW have not been a party to these conversations, but are open to hearing the proposals. CDFW looks forward to hearing from the consumptive users how the results of CDFW’s forthcoming flow study will be incorporated into their conceptual framework.

5 INTRODUCTION

6
7 1. This Cross-Complaint seeks a judicial determination of rights to all water within
8 the Ventura River Watershed (“Watershed”), including a comprehensive adjudication of the
9 waters of the Ventura River and the groundwater basins located within the Watershed and their
10 interconnected surface waters and for the imposition of a physical solution. An adjudication is
11 necessary to protect and conserve the limited water supply that is vital to the public health, safety,
12 and welfare of all persons and entities that depend upon waters from the Watershed and to ensure
13 the reasonable use, pursuant to Article X, section 2 of the California Constitution, of the waters in
14 the Watershed. For these reasons, City files this Cross-Complaint to promote the general public
15 welfare in the Watershed; protect City’s rights to pump and divert water and provide water to the
16 public; protect from a loss of the public’s water supply; prevent degradation of the quality of the
17 public water supply; and avoid higher water costs to the public.

Overlying Landowners

94. Pursuant to California Civil Procedure Code section 836(d)(1)(A), City will serve the owners all real property overlying the Watershed's Groundwater Basins ("Overlying Landowners") with this Third Amended Cross-Complaint and court-approved notice of adjudication and form answer. Pursuant to California Civil Procedure Code section 836(k), upon receipt of the requisite notice, Overlying Landowners interested in this proceeding shall have the duty to appear in this action and become a party if they so choose.

Interested Persons

95. All Persons Who Own an Interest in Land Overlying the Ventura River Watershed's Groundwater Basins and Claim an Interest to Pump, Extract or Store Groundwater From, Under or on That Land.

Roe Cross-Defendants

96. City is informed and believes that:

(a) Cross-Defendants Roes 1 through 50 operate wells and/or diversions which extract surface and/or subsurface water from the Ventura River.

(b) Cross-Defendants Roes 51 through 100 operate wells and/or diversions which extract surface and/or subsurface water from Matilija Creek.

1 (c) Cross-Defendants Roes 101 through 150 operate wells and/or diversions
2 which extract surface and/or subsurface water from North Fork Matilija Creek.

3 (d) Cross-Defendants Roes 151 through 200 operate wells and/or diversions
4 which extract surface and/or subsurface water from San Antonio Creek.

5 (e) Cross-Defendants Roes 201 through 250 operate wells and/or diversions
6 which extract surface and/or subsurface water from Coyote Creek.

7 (f) Cross-Defendants Roes 251 through 300 operate wells and/or diversions
8 which extract surface and/or subsurface water from Cañada Larga Creek.

9 (g) Cross-Defendants Roes 301 through 350 operate wells and/or diversions
10 which extract surface and/or subsurface water from Santa Ana Creek.

11 (h) Cross-Defendants Roes 351 through 400 operate wells which extract water
12 from the Upper Ventura River Groundwater Basin.

13 (i) Cross-Defendants Roes 401 through 450 operate wells which extract water
14 from the Ojai Valley Groundwater Basin.

15 (j) Cross-Defendants Roes 451 through 500 operate wells which extract water
16 from the Lower Ventura River Groundwater Basin.

17 (k) Cross-Defendants Roes 501 through 550 operate wells which extract water
18 from the Upper Ojai Valley Groundwater Basin.

19 (l) Cross-Defendants Roes 551 through 1,000 are the owners, lessees, or other
20 persons or entities (i) holding or claiming to hold ownership or possessory interests in real
21 property within the boundaries of the Watershed; (ii) extracting water from the Watershed; (iii)
22 claiming some right, title, or interest to water located within the Watershed; or (iv) having or
23 asserting claims adverse to City's rights and claims.

24 97. City is unaware of the true names and capacities of Cross-Defendants Roes 1
25 through 1,000. When the City becomes aware of their trues names and capacities, it will seek
26 leave of court to amend this Cross-Complaint accordingly.

27
28

1 BACKGROUND

2
3 98. The Watershed is located in western Ventura County, with a small section located
4 in eastern Santa Barbara County. The City is informed and believes that the Watershed is fan-
5 shaped and covers 226 square miles.

6 99. The Ventura River and its headwater tributary run through the center of the
7 Watershed along a 33.5 mile stretch from its headwaters in the Transverse Ranges to the Pacific
8 Ocean.

9 100. The Ventura River and its headwater tributary is fed by several major tributaries,
10 including Matilija Creek, North Fork Matilija Creek, San Antonio Creek, Cañada Larga Creek,
11 and Coyote Creek.

12 101. Lake Casitas is a man-made reservoir located in the Watershed primarily filled by
13 runoff from Coyote Creek and Santa Ana Creek and water diverted from the Ventura River.

14 102. The Ventura River consists of five distinct reaches starting upstream from the
15 Pacific Ocean: Reach 1 (Pacific Ocean to Ventura River Estuary), Reach 2 (Ventura River
16 Estuary to Foster Park), Reach 3 (Foster Park to the San Antonio Creek Confluence), Reach 4
17 (just above the Ventura River's confluence with San Antonio Creek to below the Robles
18 Diversion Facility), and Reach 5 (Robles Diversion Facility to confluence of Matilija Creek and
19 North Folk Matilija Creek).

20 103. There are four significant groundwater basins in the Watershed:

- 21 (a) Upper Ventura River Groundwater Basin (DWR Bulletin 118,
22 Groundwater Basin Number 4-3.01);
23 (b) Ojai Valley Groundwater Basin (DWR's Bulletin 118, Groundwater Basin
24 Number 4-2);
25 (c) Lower Ventura River Groundwater Basin (DWR's Bulletin 118,
26 Groundwater Basin Number 4-3.02); and
27 (d) Upper Ojai Valley Groundwater Basin (DWR's Bulletin 118 Groundwater
28 Basin Number 4-1)

1 (collectively “Watershed’s Groundwater Basins”). There is a hydrological connection between
2 the Ventura River and its tributaries and the Watershed’s Groundwater Basins. Three maps of the
3 Watershed and the Watershed’s Groundwater Basins are attached as **Exhibit A**.

4 104. In its First Amended Complaint and Verified Petition for Writ of Mandate
5 (“Complaint”), Plaintiff Santa Barbara Channelkeeper (“Channelkeeper”) alleges that City’s use
6 of the Ventura River water harms the steelhead trout and its critical habitat and exceeds water
7 quality standards. Channelkeeper also alleges City’s use of water is unreasonable and violates the
8 public trust doctrine. Channelkeeper further alleges that City’s water rights are subordinate to
9 upstream riparian and overlying groundwater rights in the Ventura River Watershed.

10 105. City is informed and believes that Cross-Defendants’ use of water from the
11 Ventura River and the Watershed’s Groundwater Basins reduces the surface and/or subsurface
12 water flow of the Ventura River.

13 106. City is informed and believes and thereon alleges that there are conflicting claims
14 of rights to the Watershed and/or its water.

15 107. City is informed and believes and thereon alleges that it has pueblo, prescriptive,
16 and/or appropriative rights to water in the Watershed. City is a successor to the Mission San
17 Buenaventura pueblo water right, which gives it a priority to use sufficient water from the
18 Ventura River Watershed to meet its needs. It has utilized water from the Watershed for more
19 than five years prior to the filing of this Cross-Complaint. It has used the Watershed and/or its
20 water for reasonable and beneficial purposes; and it has done so under a claim of right in an
21 actual, open, notorious, exclusive, continuous, uninterrupted, hostile, adverse use and/or manner
22 for a period of time of at least five years before filing this Cross-Complaint. City holds pre-1914
23 appropriative water rights.

24 108. Upon information and belief, each Cross-Defendant claims a right to utilize water
25 and threatens to increase its taking of water without regard to the City’s rights. Cross-
26 Defendants’ pumping and/or diversions reduces Watershed groundwater tables and surface flows
27 and contributes to the deficiency of the Watershed water supply as a whole.

1 (d) City is exercising vested water rights.

2 116. City seeks a preliminary and permanent injunction reducing Cross-Defendants' use
3 of surface and/or subsurface water and groundwater affecting the surface and/or subsurface flow
4 of the Ventura River to a level of reasonable and beneficial use and a level that protects public
5 trust resources after a consideration of all water uses and users in the Watershed pursuant the
6 Court of Appeal's decision in Santa Barbara Channelkeeper v. City of San Buenaventura (2018)
7 19 Cal.App.5th 1176, 1192–1193.

8
9 SECOND CLAIM FOR RELIEF

10 (Public Trust Doctrine - Against All Cross-Defendants)

11
12 117. City incorporates by reference the allegations of paragraphs 1 through 110.

13 118. The public trust doctrine protects the environmental values of rivers and streams in
14 California for the benefit of the public, but is subject to parties reasonably exercising their water
15 rights. Additionally, public trust doctrine uses are limited by the doctrine of reasonable and
16 beneficial use.

17 119. Evaluating the City's reasonable and beneficial use of water requires consideration
18 of all other uses and users in the Watershed.

19 120. Evaluating the City's reasonable and beneficial use of water also requires
20 consideration of Water Code provisions and Statewide laws favoring domestic use of water;
21 conservation of water; service of safe, clean, affordable, and accessible water; and protection of
22 municipal water rights and the potential that non-flow related mitigation measures may
23 reasonably reduce the quantity of water required to protect the environment and public trust
24 resources.

25 121. Based on those considerations, City's use of water from the Ventura River and
26 Lake Casitas is reasonable and beneficial because:

27 (a) City's water is used for domestic purposes.

28

1 (b) City encourages conservation of water by its users, does not waste water in
2 its operations and only uses water for municipal purposes.

3 (c) City provides safe, clean, affordable and accessible water.

4 (d) City is exercising vested water rights.

5 122. City seeks a preliminary and permanent injunction reducing Cross-Defendants' use
6 of surface and/or subsurface water and groundwater affecting the surface and/or subsurface flow
7 of the Ventura River to a level of reasonable and beneficial use and a level that protects public
8 trust resources after consideration of Channelkeeper's claims.

9
10 THIRD CLAIM FOR RELIEF

11 (Declaratory Relief - Pueblo and/or Treaty Water Rights -
12 Against All Cross-Defendants)

13
14 123. City incorporates by reference the allegations of paragraphs 1 through 110.

15 124. The City, or a portion of it, is located within the boundaries of the former Mission
16 San Buenaventura. The designation of the Mission San Buenaventura and its subsequent
17 secularization led to the creation of a pueblo water right. The City is a successor to the pueblo
18 right which gives it a priority water right to use sufficient water from the Ventura River
19 Watershed to meet its needs.

20 125. City is located on land that used to be part of Mexico. While that land was part of
21 Mexico, a vested water right was established on it that was subsequently recognized by the
22 United States in the Treaty of Guadalupe-Hidalgo. City is a successor to the Mexican water right,
23 which has a priority over any right established under California law.

24 126. City contends that each Cross-Defendant's rights to utilize water from the
25 Watershed are subordinate to City's pueblo and/or treaty water rights and to the general welfare
26 of the citizens, inhabitants, and customers within City's jurisdiction.

1 FIFTH CLAIM FOR RELIEF

2 (Declaratory Relief - Appropriative Water Rights -
3 Against All Cross-Defendants)

4
5 134. City incorporates by reference the allegations of paragraphs 1 through 110.

6 135. City alleges that, alternatively or in addition to its prescriptive rights, it has priority
7 pre-1914 appropriative rights to utilize water from the Watershed based upon extensive historic
8 and beneficial use of local water in the Ventura River, including local water impounded and
9 collected in Lake Casitas.

10 136. An actual controversy has arisen between City and Cross-Defendants, and each of
11 them. City alleges, on information and belief, that all Cross-Defendants, and each of them, seek
12 to prevent City from exercising its priority pre-1914 appropriative rights to utilize water from the
13 Watershed.

14 137. City seeks a judicial determination of the rights of persons and/or entities with
15 overlying, appropriative, and prescriptive rights to utilize water from the Watershed.

16
17 SIXTH CLAIM FOR RELIEF

18 (Cal. Civ. Proc Code §§ 830-852 - Comprehensive Adjudication
19 and Physical Solution - Against All Cross-Defendants)

20
21 138. City incorporates by reference the allegations of paragraphs 1 through 110.

22 139. The physical solution doctrine imposes a duty on this Court to resolve competing
23 claims to water by cooperatively satisfying the reasonable and beneficial needs of each user while
24 protecting the substantial enjoyment of their prior rights. A physical solution can achieve this
25 result by: compelling non-flow related improvements for the protection of public trust resources
26 thereby preserving and protecting water supply for domestic use, the highest and best use, and for
27 irrigation use, the next highest and best use (Water Code section 106); augmenting the
28 Watershed's water supply; and imposing other measures. The physical solution is a practical way

1 of fulfilling the mandate of the California Constitution (article X, section 2) that the water
2 resources of the State be put to use to the fullest extent of which they are capable.

3 140. Further, the Code of Civil Procedure authorizes the comprehensive adjudication of
4 groundwater rights, including interconnected surface waters, and the imposition of physical
5 solution. Cal. Civ. Proc. Code §§ 830-852.

6 141. Accordingly, City seeks a physical solution among City and Cross-Defendants
7 regarding their respective uses of surface and/or subsurface water and groundwater affecting the
8 Ventura River.

9
10 SEVENTH CLAIM FOR RELIEF

11 (Declaratory Relief - Municipal Priority - Against All Cross-Defendants)

12
13 142. City incorporates by reference the allegations of paragraphs 1 through 110.

14 143. City has the right to utilize water from the Watershed to meet existing public water
15 needs and also to utilize increased amounts of water from the Watershed as necessary to meet
16 future public needs. City's rights to the Watershed's water exist both as a result of the priority
17 and extent of its pueblo, appropriative, and prescriptive rights, and as a matter of law and public
18 policy of the State of California: "It is hereby declared to be the established policy of this State
19 that the use of water for domestic purposes is the highest use of water and that the next highest
20 use is for irrigation." Cal. Water Code § 106.

21 144. California Water Code Section 106.5 provides: "It is hereby declared to be the
22 established policy of this State that the right of a municipality to acquire and hold rights to the use
23 of water should be protected to the fullest extent necessary for existing and future uses. . . ."

24 145. Under California Water Code Sections 106 and 106.5, City has a prior and
25 paramount right to Watershed water as against all non-municipal uses.

26 146. An actual controversy has arisen between City and Cross-Defendants. City
27 alleges, on information and belief, that Cross-Defendants dispute the contentions contained in the
28 preceding paragraphs of this Cross-Complaint. City is informed and believes, and on that basis

1 alleges, that the certain Cross-Defendants utilize water from the Watershed for non-municipal
2 purposes.

3 147. City seeks a judicial determination as to the correctness of its contentions and to
4 the amount of water the parties may utilize from the Watershed. City also seeks a declaration of
5 its right to utilize water from the Watershed to meet its reasonable present and future needs, and
6 that such rights are prior and paramount to the rights, if any, of Cross-Defendants to use
7 Watershed water for non-municipal purposes.

8
9 EIGHTH CLAIM FOR RELIEF

10 (Declaratory Relief - Human Right to Water - Against All Cross-Defendants)

11
12 148. City incorporates by reference the allegations of paragraphs 1 through 110.

13 149. City has the right to utilize water from the Watershed to meet existing public water
14 needs to protect the human right to water and also to utilize increased amounts of water from the
15 Watershed as necessary to meet future public needs to protect the human right to water. City's
16 rights to the Watershed's water exist both as a result of the priority and extent of its pueblo,
17 appropriative, and prescriptive rights, and as a matter of law and public policy of the State of
18 California: "It is hereby declared to be the established policy of the state that every human being
19 has the right to safe, clean, affordable, and accessible water adequate for human consumption,
20 cooking, and sanitary purposes." Cal. Water Code § 106.3.

21 150. Under California Water Code Section 106.3, City has a prior and paramount right
22 to Watershed water to protect the human right to water.

23 151. An actual controversy has arisen between City and Cross-Defendants. City
24 alleges, on information and belief, that Cross-Defendants dispute the contentions contained in the
25 preceding paragraphs of this Cross-Complaint. City is informed and believes, and on that basis
26 alleges, that the certain Cross-Defendants utilize water from the Watershed for purposes that are
27 inferior to the paramount human right to water.

1 to a level of reasonable and beneficial use and a level that protects public trust resources after
2 consideration of all water uses and users in the Watershed;

3 2. For a physical solution allocating City's and Cross-Defendants' reasonable and
4 beneficial use of water affecting the Ventura River Watershed, and protecting the substantial
5 enjoyment of their water rights;

6 3. For judicial declarations consistent with City's contentions in the Third, Fourth,
7 Fifth, Seventh, Eighth, and Ninth Claims for Relief in this Cross-Complaint;

8 4. For judgment against all named cross-defendants who fail to appear in this action
9 that they are bound by the judgment and physical solution, and their water rights in the Ventura
10 River Watershed, if any, are limited to the terms of the physical solution.

11 5. For judgment against all persons who, presently or in the future, own an interest in
12 real property overlying the Ventura River Watershed's Groundwater Basins and who fail to
13 appear in this action that they are bound by the judgment and physical solution, and their water
14 rights in the Ventura River Watershed's Groundwater Basins, if any, are limited to the terms of
15 the physical solution.

16 6. For City's costs incurred in this action; and

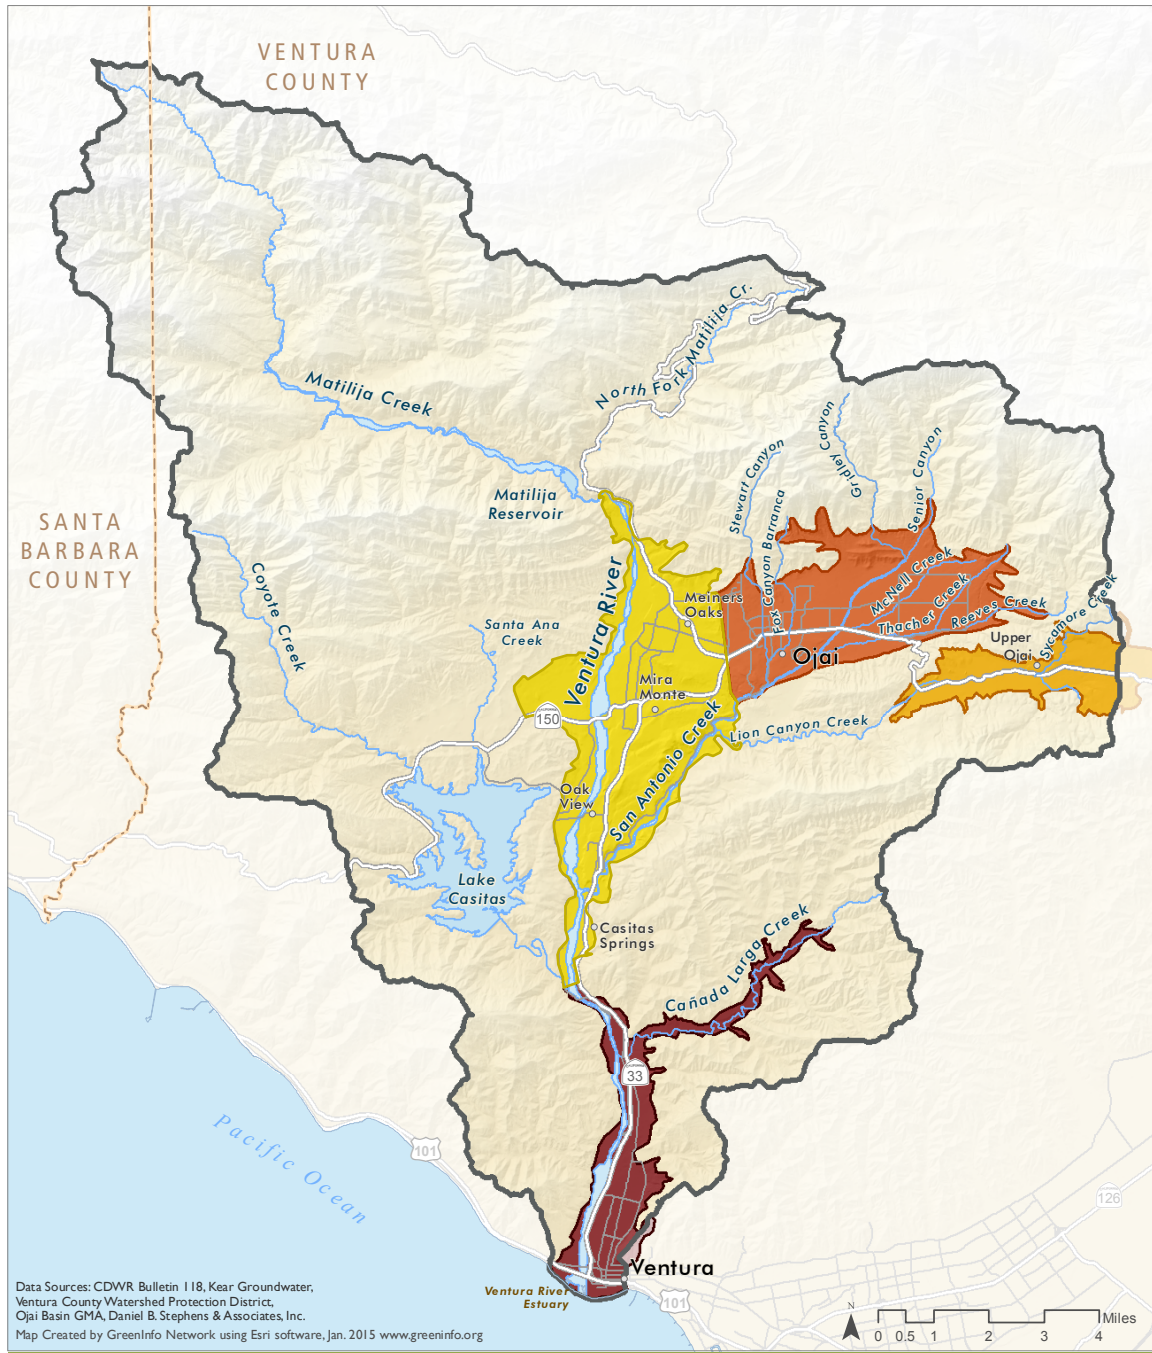

17 7. For such other and further relief as the Court deems just and proper.

NOTICE OF COMMENCEMENT OF GROUNDWATER BASIN ADJUDICATION

THIS NOTICE IS IMPORTANT. ANY RIGHTS YOU CLAIM TO PUMP OR STORE GROUNDWATER FROM THE BASINS IDENTIFIED IN THIS NOTICE MAY BE AFFECTED BY A LAWSUIT INITIATED BY THE THIRD AMENDED CROSS-COMPLAINT SUMMARIZED BELOW.

A copy of the Third Amended Cross-Complaint may be obtained by contacting Cross-Complainant's attorney identified in this notice. If you claim rights to pump or store groundwater within the basins identified herein, either now or in the future, you may become a party to this lawsuit by filing an answer to the lawsuit on or before the deadline specified in this notice. You may file an answer by completing the attached Form Answer, filing it with the court indicated in this notice, and sending a copy of the Form Answer to the Cross-Complainant's attorney identified below in this notice.

Failing to participate in this lawsuit could have a significant adverse effect on any right to pump or store groundwater that you may have. Specifically, a judgment may be entered that prevents any person now or in the future, who owns your land from ever pumping, extracting or storing groundwater from, under or on your land.

You may seek the advice of an attorney in relation to this lawsuit. Such attorney should be consulted promptly. A case management conference ("CMC") in this groundwater basin adjudication proceeding is currently scheduled to occur on the date specified on the cover page of this notice. If you intend to participate in the groundwater adjudication proceeding to which this notice applies, you are advised to attend the next case management conference in person or have an attorney represent
